

**Bill is
not alone**
today. He isn't
sitting in the
same old
chair, watching the
same shows on TV. He isn't
praying for the phone to ring just
so he can finally talk to another human being.
And tonight he won't be eating yet another
frozen dinner. That's because he's spending the
day with a volunteer from a senior's outreach program

**made possible by
United Way donors,
volunteers and community
agencies. Today, thanks
to people like you,
Bill is happy for the
first time in quite a
while. Please get
involved with
United Way -
the more
people who
donate their
time and money,
the more we
can do to improve
our community.**

You can't imagine the difference you make. Support United Way.

Linda

is not in the
hospital tonight.
She wasn't

beaten by her partner

and her jaw isn't broken.

**She won't have any broken
teeth pulled and she's not bleeding
internally. Thanks to intervention
programs made possible by
United Way donors, volunteers and
community agencies, she doesn't live with
her abusive partner anymore. It's not an
easy process, but tonight thanks to**

people like you, Linda is not in the hospital.

**Please get involved with United Way -
the more people who donate their time
and money, the more we can do to
improve our community.**

You can't imagine the difference you make. Support United Way.

Scott

is not hanging
out on the
streets
tonight.

He's not spending
time with the wrong people
and he's not getting into
trouble. He won't be arrested,
and he won't be injured in a fight.
That's because he hasn't dropped
out of school. And he's not going to,
thanks to intervention programs
made possible by United Way
donors, volunteers and
community agencies.
Scott still has a future,
and tonight, thanks
to people like you,
he's not on the
streets. Please get
involved with
United Way –
the more people
who donate
their time and
money, the more
we can do
to improve
our
community.

You can't imagine the difference you make. Support United Way.
